Miami, FL – May 23, 2017 – French luxury designer, [Christian Louboutin](#) along with co-hosts Craig Robins and Loren Ridinger celebrated the opening of the new two story 3,874 square-foot flagship boutique in [Miami's Design District](#). For the opening fete, an outdoor space was transformed into a Parisian inspired poolside lounge. Accented by a wall of greenery, guests enjoyed champagne, summer inspired hors d'oeuvres and gelato while a tableau of models in styles from the Spring/Summer 2017 collection lounged underneath striped umbrellas. The Christian Louboutin Miami Flagship Boutique is the first space in South Florida to showcase men's and women's accessories as well as Christian Louboutin Beauté products. The lush tropical landscape served as inspiration for the organic aesthetic of the exterior, while the interior is a nod to the brands Parisian roots and Louboutin's travels. Notable guests included: Christian Louboutin, Craig Robins, Loren & JR Ridinger, Fat Joe, Hassan Whiteside, Dave Grutman, Arlene & Wayne Chaplin, Tracy Mourning, Criselda Breene and Angeles Almuna, among others.
